Live Free or Die

Now, more than ever, we are hearing the call for quality nutrition and healthy alternatives in our daily lives.

Our mission is to fundraise through our Live Free or Die wristbands in order to fight for our First Amendment right to have the FDA act responsibly; reconsidering supplements and the words used to describe them effectively.

The Live Free or Die bands are available on three contributory tiers: Red \$5, Blue \$25 and White \$50.

Please Join Us! Ultimately, we hope to eliminate the worldwide health crisis one person at a time!

BIO-LUMIN ESSENCE™

The human body was specifically designed to function on raw, enzyme-rich foods which support the digestive and metabolic enzymes found naturally in the body. The benefits of using systemic enzymes are widespread, but in short, they allow your body to absorb the nutrients it needs in order to repair itself and function at an optimal level.
